AIMS:

1. To run an indoor climbing competition for university students and outdoor university club members.
2. To reignite healthy competitiveness between university outdoor clubs.
3. To promote participation, social interaction and the sport of climbing.

CATEGORIES:

Categories may differ on the day depending on the final number of competitors. If competitor numbers are low, there will be fewer categories accordingly.

Male	Advanced
	Intermediate
	Beginner
Female	Advanced
	Intermediate
	Beginner

Note: competitors do not register for a category – these will be determined at the end of the competition day at the categoriser’s discretion. For queries on competition format please email vicinterversityclimb@gmail.com, or read on.

REGISTRATION:

- Registration fee is \$20.
- You can register online (<http://vicinterversityclimb.wordpress.com/registration/>).
- When registering online, competitors will have to pay the registration fee of \$20 and sign a waiver upon arrival on the day.

TIMING

- For all categories, allotted climbing time is two and a half (2.5) hours.

HOW IT WORKS:

- All climbs are top-roped.
- During the allotted climbing time, competitors may complete as many climbs as they can.
- Only competitors’ top 10 (highest graded) climbs will count towards their score.
- Competitors may complete fewer than 10 climbs if they wish.

SCORING:

- For each climb you complete, you will earn the number of points the climb is graded.
 - E.g. when you complete a grade 8 climb, you earn 8 points.
- If you flash a climb (that is, climb it on you first attempt), you earn an extra point.
 - E.g. when you flash a grade 8 climb, you earn 9 points.
- Your final score is calculated by adding up your points from your top 10 climbs.

PLACING:

- Competitors will be ranked by their scores.
- Categories will be determined at the categorisers’ discretion.
- A trophy will be awarded to the club that wins the competition title. The club that wins the competition title is the one that attains the most points from their representing competitors’ top 30 climbs.

RULES:

- All competitors must be a current member of a participating university outdoor club or a current university student or alumni from Deakin University, La Trobe University, Monash University, Swinburne University of Technology, RMIT University, the University of Melbourne or Victoria University.
- Competitors may not represent more than one club.
- All competitors must follow the hosting climbing gym’s normal safety procedures.
- All belayers must be checked off by a staff member of the hosting climbing gym prior to the event.
- All competitors will need to arrange their own belayer. This can be another competitor.
- At each fall or rest on the rope the climber must return to the ground and wait their turn if other climbers wish to use the rope.
- A climb will not count if you fall off, rest on the rope or use another colour.
